FORMERLY MIDDLEBY FOOD PROCESSING

June 2, 2026

Subject: Introducing Midera Food Processing

Dear Valued Customer,

I'm writing to share an important update: Middleby's food processing equipment business will now operate under a new name—**Midera Food Processing**.

While our name is changing, what you rely on is not. **Your points of contact, service and support, product quality, and commitment to performance remain the same.** This new identity reflects a more focused organization dedicated entirely to food processing—built to move faster, invest in advanced technologies, and deliver even stronger total line solutions across preparation, thermal processing, automation, and packaging.

Over the coming weeks, you'll begin to see the Midera name and branding appear across our communications, documentation, and digital channels. We will continue to support existing equipment, warranties, and agreements without interruption.

If you have any questions, please reach out to your Middleby/Midera Food Processing representative, or contact us at **847-741-3500**.

Thank you for your continued partnership. We're excited about what's ahead and look forward to supporting your operation with the same reliability—now through Midera Food Processing.

Sincerely,

Norm Buggele  
President CV-TEK  
Midera Food Processing (formerly Middleby Food Processing)

CV-TEK | 440 S McLean Blvd. Elgin, IL 60123 | 847-741-3500
